Because we can't allow the leather saddles to repeatedly get wet, most campers ride with & without strapped on pads. If you choose for your child to ride in a saddle only, an alternate activity will be offered on all cloudy/drizzly days instead of riding. Saddle riders cannot switch to pads on cloudy days as they will need to be introduced to riding with pads with the others on sunny days. If your child does not like pads, they can switch to saddle for the remaining week(s) of camp & thus forfeit rides on inclement days.

Please circle one choice only: Bareback/Pads or Saddle and forfeit riding on cloudy/drizzly days
